Volume 171

Website: www.zamstats.gov.zm

July, 2017

Foreword

 $oldsymbol{\mathcal{W}}$ elcome to the Monthly presentation organised by the Dissemination Branch of the Central Statistical Office (CSO). The CSO embarks on vigorous information delivery strategy to major stakeholders and the media institutions in order to increase utilisation of statistical products and services. The office produces a number of statistical products in the Economic, Social, Agricultural and Environmental areas. The information collected in these areas may be used for various purposes including policy planning, implementation, monitoring formulation, and evaluation of programmes and projects.

This Monthly publication is an attempt to provide highlights of CSO's work and how it can help media institutions and the general public to make use of data and information for sustainable national development and decision-making.

I would like to urge our readers and users of statistical information to send to us any comments that may enhance statistical production and contribute to the improvement of this bulletin.

YEAR ON YEAR FOOD AND NON-FOOD INFLATION RATE

The year on year (Annual) food inflation rate for July 2017 was recorded at 5.3 percent compared to 5.8 percent recorded in June 2017. This represents a decrease of 0.5 percentage points. The decrease in the annual food inflation rate is mainly attributed to price changes for Bread and cereals (breakfast Mealie meal, roller meal and maize grain). The year on year (Annual) non-food inflation rate for July 2017 was recorded at 8.1 percent, from 8.0 percent recorded in June 2017, indicating an increase of 0.1 percentage points. The Increase in the annual non-food inflation is mainly attributed to an increase in Actual rentals for housing.

INTERNATIONAL MERCHANDIZE TRADE

June 2017 records a Trade Deficit

In June 2017, Zambia recorded a trade deficit valued at K 335.2 Million from K 333.8 Million recorded in May 2017. This represents a 0.4 percent increase in the trade deficit. This means that the country imported more in June 2017 than it exported in nominal terms.

Performance of Exports (Traditional and Non-Traditional Exports (NTEs)), June and July 2017

There has been a decrease of 1.8 percent in the total value of Metal exports from K 4,468.5 Million in May 2017 to K 4,386.1 Million in June 2017. The overall contribution of Metals and their products to the total export earnings in June and May 2017 averaged 75.6 percent.

Non Traditional exports on the other hand have recorded an increase of 13.8 percent from K1,337.4 Million in May 2017 to K1,522.0 Million in June 2017. The share of NTEs recorded an average of 24.4 percent in revenue earnings between June and May 2017.

Zambia's Traditional and Non-Traditional Exports (NTEs), June and May 2017

Zambia's Exports of Copper by Volume and corresponding prices at the London Metal Exchange (LME), January to June 2017

Between June and May 2017, the volume of Copper exported marginally increased by 1.6 percent, from 82,406.74 metric tonnes recorded in May 2017 to 83, 719.31 metric tonnes in June 2017.

On the other hand, the corresponding price of Copper on the London Metal Exchange increased by 2.0 percent, from USD 5,587.83 per metric tonne in May 2017 to USD 5,699.48 per metric tonne in June 2017.

This product accounts for the largest weight/ proportion of Traditional Exports. Any change in the volume and price/value has a direct bearing on the performance of Traditional Exports.

Zambia's Top 25 Non-Traditional Exports (NTEs), June and May 2017

Zambia's major Non-Traditional Exports (NTE) for June 2017 were Manganese Ores/Concentrates (Inc.Ferruginous) With Manganese Content Of greater than 20%, which accounted for 8.8 percent, followed by Cobalt oxides and hydroxides; commercial cobalt oxides in bulk, which accounted for 7.8 percent. Other notable NTEs in June 2017 were Other raw cane sugar (5.5 percent) and Bullion semi-manufactured forms which accounted for 4.8 percent.

Exports by Major Product Categories, June and May 2017*

Zambia's major export products in June 2017 were from the intermediate goods category (mainly comprising Copper anodes for electrolytic refining and Cathodes of refined copper) accounting for 81.5 percent. Exports from the Consumer goods, Raw Materials and Capital goods categories, collectively accounted for 18.5 percent of total exports in June 2017.

Zambia's Major Export Destinations by Commodity in June 2017

The major export destination in June 2017 was Switzerland, which accounted for 45.0 percent of the total export earnings. The major export products to Switzerland were Copper anodes for electrolytic refining, accounting for 72.3 percent.

China was the second main destination of Zambia's exports accounting for 17.5 percent of the total export earnings. The major export product to China was Copper blister, accounting for 50.9 percent.

Singapore was the third main export destination accounting for 7.0 percent of the total export earnings. The major export product was Cathodes of refined copper accounting for 81.1 percent. Congo DR was the fourth main export destination accounting for 6.2 percent of the total export earnings. The major export products were Sulphuric acid; oleum in bulk accounting for 11.5 percent.

The fifth main export destination was United Arab Emirates, which accounted for 3.7 percent of the total export earnings. The major export products were Cathodes of refined copper, accounting for 39.4 percent.

These five countries collectively accounted for 79.4 percent of Zambia's total export earnings in June 2017.
