Foreword

Welcome to the Monthly presentation organised by the Dissemination Branch of the Central Statistical Office (CSO). The CSO embarks on vigorous information delivery strategy to major stakeholders and the media institutions in order to increase utilisation of statistical products and services. The office produces a number of statistical products in the Economic, Social, Agricultural and Environmental areas. The information collected in these areas may be used for various purposes including policy formulation, planning, implementation, monitoring and evaluation of programmes and projects.

This Monthly publication is an attempt to provide highlights of CSO's work and how it can help media institutions and the general public to make use of data and information for sustainable national development and decision-making.

I would like to urge our readers and users of statistical information to send to us any comments that may enhance statistical production and contribute to the improvement of this bulletin.

INFLATION

April Inflation reduces to 8.8 percent

The annual rate of inflation, as measured by the all items Consumer Price Index (CPI), reduced to 8.8 percent in April 2011, from 9.2 percent in March 2011. The

reduction is attributed to decreases in food and some non-food prices.

INTERNATIONAL MERCHANDISE TRADE

March 2011 records Trade Surplus

Zambia recorded a trade surplus valued at K862.3 Billion in March 2011, representing a nominal growth of about 33.6 percent from K645.2 Billion recorded in February 2011. This means that the country exported more in March 2011 than it imported, in the same month, in nominal terms. Since January 2010 the country has had monthly trade surpluses

with the highest valued at K1, 484.3 Billion recorded in January 2011.

As a consequence of the persistent trade surpluses, the country has recorded a marginal growth of 41.6 percent in the trade balance even at a quarterly level, between the first Quarter of 2010 and that of 2011.
