ZAMSTATS REFUTES ONLINE ADVERT ON RECRUITMENT OF AD HOC STAFF FOR 2023/2024 AS FAKE

11th August, 2023 - LUSAKA - The Zambia Statistics Agency (ZamStats) refutes an advert circulating on social media (Facebook) alleging that the Agency is calling all citizens of Zambia to apply online for the recruitment of Ad Hoc Staffs for the 2023/2024.

ZamStats has learnt with regret the circulation of an advert on social media which was only orchestrated by Scammers. The advert is fake as the Agency is **NOT** conducting any online recruitment of any sort.

Therefore, ZamStats would like to inform the general public of the circulating advert as merely a Scam meant to steal funds or private information from the general public. Hence, the general public should be aware of such scammers and refrain from sharing private information with them.

We would also like to inform the general public that ZamStats will work with the investigative wings to establish the culprits behind this fake advert.
