ZAMSTATS REFUTES ONLINE ADVERT ON RECRUITMENT OF STAFF FOR GENERAL POPULATION AND HOUSING CENSUS 2025

The Zambia Statistics Agency (ZamStats) has noted with concern the circulation of an advert on social media platforms calling for interested applicants for a purported upcoming General Population and Housing Census.

ZamStats would like to notify the general public that this advert is not in any way associated with the Agency as the Agency is **NOT** conducting any online recruitment of any sort. The Agency notes with concern that the advertisement appears to be designed with the intent to scam and potentially harm the general public. It's important to be cautious and verify such claims before engaging with the advertisement or its associated services.

Note: The Agency strongly advises the public to disregard any misleading adverts and to rely on verified information and authentic announcements, on our official website on **www.zamstats.gov.zm** and **Facebook: ZamStats**
