

SERIES E:

CITIZENSHIP

REPUBLIC OF ZAMBIA

Foreword

The **2022 Census of Population and Housing** marks a significant milestone in Zambia's statistical history. As the sixth census since independence and the first to be fully digitized, it reflects a strategic shift towards modern, efficient, and technology-driven data collection and analysis systems.

Guided by the **Statistics Act No. 13 of 2018**, the **Zambia Statistics Agency (ZamStats)** undertook this mammoth exercise between 14th August and 18th September 2022. The census provided a comprehensive and inclusive enumeration of Zambia's population and housing characteristics. Leveraging **Computer-Assisted Personal Interviewing (CAPI)** and **Geographic Information System (GIS)** mapping technologies, we improved data accuracy, coverage, and timeliness, setting new standards for statistical undertakings in the country.

This report provides a descriptive tabulation on **Citizenship**. This data provides a solid evidence base for development planning, monitoring, and decision-making at all levels.

The census was made possible through the commitment and cooperation of the **Zambian people**, the unwavering dedication of **ZamStats staff**, and the strategic support of various stakeholders, including **local authorities, development partners, civil society, and the media**.

Much appreciation to the **Government of the Republic of Zambia** for the financial and logistical support rendered from the highest level of governance to the sub-national structures. I am incredibly grateful for the generous support extended by the following international partner organisations: **DFID**, who contributed 15,000 tablets out of the 45,000 tablets required for data collection, the **US Government**, through the **US Census Bureau**, for their unwavering technical support in GIS, IT systems, and pilot census, census data analysis which has been invaluable to our efforts. The **UNFPA**, for their consistent technical and financial support since the inception of the census planning process in 2017, and for their dedicated work in resource mobilization for the census. **UNICEF**, for their vital role in the capacity building workshop, the adaptation of the Questionnaire, and its pretesting, which significantly contributed to our preparations. The **United Nations Economic Commission for Africa (UNECA)**, provided technical support towards the 2022 Census of Population and Housing in various ways. The **World Bank**, that provided financial and technical support for the Mapping and Listing exercise and the data analysis.

I also wish to express my profound gratitude to various **Ministries**, The **University of Zambia**, **Department of Demography, Population Sciences, Monitoring and Evaluation** and private sector organisations that contributed to the planning, organisation, funding and implementation of the census. The Ministries and Departments for their material and other logistical support required for the census. I also wish to thank the Traditional Leaders and other local authorities for their moral support and cooperation. Grateful to the contribution of the security forces for providing the required security during the entire enumeration process in some areas.

I'm so grateful to the **Zambia National Commercial Bank (ZANACO)** for their financial support, **Eco Bank** and the **First National Bank (FNB)** for their material support. My sincere appreciation also goes to the **Media, Choppies Chain Stores** and **New Horizon Printers** for publicizing the census activities on their platforms and conveying census messages to the general public, which greatly enhanced the conduct of the census. **ProPrint limited** for their contribution in printing publicity materials.

I am indebted to the **Census National Development Coordinating Committee (NDCC)**, **Census Steering Committee (CSC)** and the **Technical Advisory Committee (TAC)** with the **Technical Working Groups, Provincial and District Census Committees** for the roles they played in the implementation of the census.

I am very grateful to all the authors of the various chapters of the national analytical report. Lastly, I wish to express my appreciation to all **staff of the Zambia Statistics Agency** for their dedication and commitment throughout the entire process as well as the entire people of Zambia for their cooperation.

Sheila Mudenda

STATISTICIAN GENERAL

April, 2026
